About Me:

I was born and raised on the beautiful island of Kauai. I have spent most of my life in Hawaii, but I enjoy travelling and experiencing the beauty and diversity of places around the world. I'm very fortunate to be able to combine my love of looking at houses and helping others. I enjoy the challenge of helping people with the successful sale or purchase of their home and being a part of the process.

The golden rule plays a very important part in my outlook toward business. It is important to treat others as you would want to be treated. I look forward to helping people buy or sell their home here on Kauai with the same attention that I would want for myself. Honesty and integrity are very important to me as it is something that was instilled in me by my parents. It is a way of honoring them in all that I do.

Testimonials:

As clients from Texas, we spent several years searching for our piece of paradise with **June Araki** as our realtor.

Even when we were not on the island, she would send us possibilities and even conduct her own research and site visits. June was our constant advocate, who guided us on decisions in our best interest, even if that meant that she would have to forgo her commission with a quick sale. With her patience and persistence, June also managed to navigate us through the seller's difficult and unreasonable realtor. Since we are currently absent owners, she also continues to check on details for us. You will be very lucky to enlist **June Araki** as your realtor.

Jeanne Goka, Austin Texas

When I decided to sell our house, my knowledge of what that would entail was next to nothing. How Providential that June Araki should be my agent! Her professional expertise amazed me time and time again. While being highly proficient, she was also extremely attentive to my needs. She would patiently explain transactions, options, terminology, etc. I quickly found it easy to confide concerns and anxieties to June, for being passionate about her job definitely includes genuinely caring about her client. I sold our house in a smooth process and gained a precious friend!
